## EXPERIENCE

### DEVELOPER

**TATA Consultancy Services, Bangalore, Dec 2015 – Jan 2016**

**Client: XI-Catlin group**

Designed and developed windows application for the clients. Enhanced my ability to work with .Net and got an insight into the real-time application of MVC architecture and SSIS. Also designed the data-base schema for certain modules of the application. Designed the application pages as per the client specifications.

### WEB DEVELOPER

**TATA Consultancy Services, Ahmedabad, May 2014 – Dec 2015**

Developed a web application using 3-tier architecture in .Net Technology. Enhanced my ability to work with HTML/CSS. Worked on debugging and fixing of bugs.

---
